# PUBLIC USERS

Making recycling both convenient and fun. Put two types of packaging in at a time. You don't even need to rinse them. Sign up with mobile app or Octopus card to get cashback, vouchers, earn points or donate to charity. Recycling has never been so rewarding.

## RECYCLING IS REWARDING

Earn points or get vouchers and cashback by recycling. You can even donate to charity. Recycling for good.

## TWO WAYS TO USE

Mobile app or Octopus Card, get recycling in a snap.

## TWO AT A TIME

Recycle two different beverage container types at the same time. Your choice across plastic bottles, cans or Tetra Paks.

## USER FRIENDLY TOUCHSCREEN

No more complicated instructions. The intuitive touchscreen takes you from start to finish.

# CORPORATIONS

Make the world a better place with a new Corporate Social Responsibility initiative for your company. The RenatureChest breathes new life into recycling with its easy two type package recycling and consumer reward programs. Your company gets a piece of the pie with advertising and branding opportunities while forging meaningful relationships with prospective customers who align with your values. Sound good? We agree.

## SEE IT WITH BIG DATA

Get the full scoop on how RenatureChest saves the environment with our big data dashboard. Number of transactions, items recycled, users – you can see it all.

## RECYCLING IS REWARDING

Your customers can get cashback, vouchers, earn points or donate to charity. Recycling for good.

## BETTER COMPRESSION POWER

Our pack compression is more effective than competing brands. Our technology compresses the packs flatter, eliminating bounce back while increasing space

## INTERACTIVE TOUCH SCREEN

We make it easy for users to recycle. With the intergrated and intuitive touch screen, the help instructions will guide you through the process from start to finish.

## VERSATILE CONTAINER OPTIONS

Our machines can take two different types of beverage packages. But we're flexible, so you can customise your machine to take just one type too.

## CSR THAT MAKES AN IMPACT

Co-brand or brand the machine and tell your Corporate Social Responsibility story. The machine itself makes a bold statement, attracting like-minded customers.

# INDUSTRIAL

Industrial providers can rejoice with the benefits of the RenatureChest. It compresses packs more efficiently than the competition, saving you valuable space. Sort packs automatically through our innovative shape detection and barcode readers, helping you optimise your processes. It sets the stage for better efficiency in the recycling process.

## SAVE SPACE

Compressing bottles, cans and Tetra Paks more efficiently than the competition. Save space and increase efficiency.

## SAVE TIME

Pack type detection and barcode readers in the machines help streamline processes, saving serious time for everyone before the next stage in the recycling process.

## TAKING RECYCLING SERIOUSLY

Recycling is no small matter to us. The RenatureChest sorts out which packs can be recycled using its barcode technology. We then bring the plastic bottles, Tetra Paks and aluminum cans through a variety of processes, giving them new life and transforming them into useable raw material again.

## HYGIENIC RECYCLING

We know how important hygiene is. That's why we developed a system that sprays disinfectant into the collection bin every 15 minutes. Jointly developed with The Hong Kong University of Science and Technology, keep your recycling space hygienic.

# HOW TO USE RENATURECHEST
